Leveraging ChatGPT for State Economic Development Director

ChatGPT Enterprise

Introduction

Use ChatGPT Enterprise to turn supplied notes into practical first drafts. These 30 prompts support U.S. state government work. Replace bracketed placeholders and paste the named source excerpts before starting.

For the State Economic Development Director: support business-service coordination, regional partnerships, and program communication. Titles and responsibilities vary. Use your jurisdiction's current assignments and procedures.

Goals

This guide is meant to help:

- Prepare useful drafts for recurring work.
- Make open questions and handoffs visible.
- Keep claims traceable to supplied sources.

Guidelines & guardrails

Use ChatGPT in the ChatGPT Enterprise environment responsibly within your organization's approved guidelines. Before using it for work, keep in mind:

- Use only information permitted in your ChatGPT Enterprise workspace. Remove personal details that are not needed for the task.
- Verify facts, dates, figures, and office procedures. These prompts use pasted context; they do not check live records.
- Staff review every output. Keep official work separate from campaign activity; retain human authority over decisions and public release.

Effective prompting

You can use simple English language instructions (or “prompts” & “queries”) in ChatGPT, and the model responds based on those prompts. Better prompts - that are more thoughtful, clear, and articulate - will yield more useful responses. Keep in mind that every good prompt has:

- **Task** - What are you asking ChatGPT to do?
- **Context** - What additional information or documents should it be aware of?
- **Expectations:** - How do you expect the final output to be formatted?

Before you begin

Name the task and intended audience.

Paste the relevant source material.

Specify the format, length, and deadline.

State what staff must verify before use.

Using this pack

Choose a workflow, replace the brackets, and paste short source excerpts. Name your jurisdiction, audience, and deadline. Review the draft against those sources, then request a focused revision. Follow your organization’s information-handling and records procedures.

Sources and scope

National role context and product guidance. Your current assignments and procedures govern actual work.
